LADIES' COMMITTEE

The Committee meets every six weeks, usually after a Tuesday competition. The minutes are posted in the ladies' locker room.

HANDICAPS

Handicaps are calculated using the World Handicap System (WHS), www.whs.com/ average-based calculation using the best 8 out of the last 20 scores.

A key part of the WHS is the greater the number of scorecards submitted, the more accurate a player's handicap index will be.

If you do not have a handicap, you will need to put in scores for 54 holes played from any combination of 18-hole and 9-holes rounds. Our Handicap Secretary will be happy to help and advise you.

Some major competitions require that you have completed 5 'acceptable scores' prior to the competition.

WEEKLY COMPETITIONS

Tuesday is our main competition day (Tees are reserved from 08:30 to 10:54). For working ladies, some trophy competitions are available to play on the preceding Sunday. The Club and the Pro Shop also organise mixed competitions (Medal and Stablefords) over the weekends.

Bookings are made through our computerised Golf App system called Club V1 or HowDidIDo. Training is given. Booking for the ladies' competitions opens two weeks before the date at 7.00 am. Tee times for general play are opened two weeks before the date at 7.15 pm.

Ladies pay a £3.00 competition entry fee, which is taken directly from your member's club card on the day of the competition when you sign in. A portion of this fee is retained by the Section, the remainder being distributed as prize money to your club card.
