Tee Time Configuration and Procedures

Winter Tee Times

The following procedures will be in use from 1st November 2026 to 1st March 2027.

This follows on from last Winter, where 'Rollup' was introduced after the AGM following member request, and because last minute cancellations and / or no shows were decimating the tee sheet and therefore depriving other members of being able to play.

To also ensure optimal use of the available starting times, the club also encourages two-ball groups and single players to join up.

Midweek

Monday – Friday

First Tee Time: Sunrise
Tee time interval: 10 minutes
Tee Reservation: Rollup to 09.50am - Tee Times from 10am

Visitors: • No play	Visitors: • Can play from 12pm on non-competition days, booking 3 days in advance • Cannot play on competition days

Weekday Starting Procedure – Rollup Times

Starting Hole – 1st Tee Only

The ball chute will be in operation as follows:

- A player may put a ball in the chute when all your group are at the club ready to play. Groups may retire to the clubhouse or practice areas.

- If you are not at the chute when your ball becomes the next in line, you will fall to the back of the line.

- Only one group, the group in play, to proceed to the forward temporary 1st tee. The next group must remain at the chute and may only proceed to the 1st tee once it is clear.

Weekend Starting Procedure – Rollup Times

Starting Holes - 1st and 12th Tee

- Groups starting from 1st tee –

  - Please follow the weekday starting procedure as noted above

- Groups starting from 12th tee –

The 12th tee can be used as a starting hole as follows:

- Saturday – all day
- Sunday - between 7.30am and 9.30am

  - Groups may start from the 12th in the order that they arrive at the tee. All players in the group must be ready to play to take their turn in order.

- Groups continuing their round at the 1st tee or 12th tee [alternation rule] –

  - Where there is a group waiting either at the chute at the 1st tee or next to play at the 12th tee, your group becomes the second group waiting.

  - If there is NO group waiting either at the chute at the 1st tee or next to play at the 12th tee, you become the first group waiting, and if there is no group on the forward temporary 1st tee you may continue without delay.
