Shooters Hill Golf Club I Notice

Delayed Start Procedure

When there is a **'delayed start',** for fog or any other reason, the following will apply:

On any day –

If there is a **'delayed start'** tee time bookings up to the start of play or 8.30am, whichever is the earlier **will unfortunately be lost.**

If the delay extends beyond 8.30am, whether it is tee time day or a 'hybrid' day of rollup and later tee times, all tee times on the day will be cancelled and roll up will be in use for the rest of that day.

From the time the course re-opens if after 8:30am, play will therefore be by roll up from either 1st & 12th tees all day with the **'alternating procedure'** applying. The Ball chute in operation at the 1st tee.

For new members, if unsure of the procedure please speak with the pro shop for necessary advice.

If there is a **'delayed start'** of any length on a competition day, the competition will be cancelled with a rescheduled date to be announced in due course.
