Club Guide

With COVID-19 regulations easing we have created the following best practice guide:

- DO NOT visit the club if you have symptoms of COVID-19 or if you have been in contact with someone with COVID-19.
- Make use of the sanitiser stations around the club.
- Increase hand washing or increase the use of those sanitiser stations.
- Make use of the outside areas when using the Bar area.
- Be considerate to others that may wish to social distance.
- Continue to use the NHS QR code when entering the Club.
- Face masks are recommended inside the club.

As a Club we have the following measures in place to reduce the risk:

- Doors and windows will be left open to circulate the air inside the club.
- Screens on the bar to reduce the risk to staff and customers when ordering.
- Maintaining the regular cleaning of surfaces.
- The function room will be available for extra space.
- Sanitiser stations located where high touch points exist.
- Touchless water and Coffee machines installed.
- The one-way changing room system will stay in place.
