A complaint having been laid before the Committee that a member of the club had bought balls lost by our members, from a neighbouring farmer, it was decided that M<sup>r</sup> Parnaby would see the member in question and point out to him that this was a breach of the rule already laid down by the Committee and that it was not in accordance with golf etiquette nor the rules of good fellowship. It was also decided that notices be displayed that any further breach of this rule would be dealt with by expulsion.

It was resolved that except where entry lists are arranged, partners be drawn for all competitions. Details to be managed by the handicap committee.
