--	---

We are delighted to have secured the services of Karl Morris, a leading golf psychologist who has helped some of the world's best players (his students include Louis Oosthuizen, Graeme McDowell, Darren Clarke, Lee Westwood, Ian Woosnam and Paul McGinley) improve their scores by changing the way they think on the golf course. As we all know, golf is a game played largely in the 6 inches between our ears. Don't miss out on this phenomenal opportunity to help you lower your scores & build new skills that will serve you for a lifetime playing our beautiful game.

This will be a popular event, so please secure tickets fast to avoid disappointment. We are making tickets available to members only until early March, before opening up to the broader golfing community in our area.
