

11th Hole – Steps

The stairs at the 11th medal tee are finally finished. We experienced several issues with the supply and subsequent delivery of the material, which resulted in phone calls to several local clubs to locate the final materials required to finish the project.

Before

After

Anti-slip resin has been fitted on top of the timber in the interests of health and safety.

We believe that this is an upgrade on the dated green astro turf which has been replaced. We look to continue to improve other areas of the course in a similar manner going forward.

Darren McLaughlan, Course Manager
