

TANTALLON GOLF CLUB

## TANTALLON GOLF CLUB

### Seniors Match Report v NBGC

.....and they're up and running.....

The redoubtable Tantallon Seniors team, cobbled together (or very carefully chosen?) by age, dress sense, hairstyles, interesting HCIs, height, food choices and indefatigability got off to a very fine start in 2025.

Under a significantly marvellous West Links blue sky - and with an aircraft carrier sitting off the coast - there were a number of superb lifts-off spread across the 10 matches.

The day also saw - it is believed - the very oldest player in our history representing the Club. It must be recorded that he, along with his slightly younger partner (by 30 years), won their match very handsomely indeed.

A lesson for us all perhaps i.e. golf is a real sport, but slower and for old people.

One of the other matches, a slightly younger pairing, dusted-down their opponents on the 12th green.

How could we not win with such performances?

So, over the numerous overflowing plates of fish and chips provided by our NBGC hosts a 7-3 win for Tantallon was announced.

That took us to a '23, '24, '25 treble and the silverware is back home again.

Staying on 3s we come to the components of a good story - Beginning, Middle and.....

The End.

JCD

Head of the United Trinity\*

\* A nod to our country's greatest ever footballer, and indeed, to our team's oldest player and former habitué of the Stretford End.
