**Entries for Competitions will close at 7pm on the Thursday prior to the Competition. Late entries may be made with the Pro-Shop from the Friday prior to the Competition. Exception being the Silloth which closes as per the Fixture List.**

## **RULES OF COMPETITION ENTRY**

- 1) Entry for weekend competitions will be available on-line at 7:00pm on Thursday, **10-11 days** prior to the competition date as per the fixture list.
- 2) A player may enter their own name only (unless the competition is a Pick-Your-Own-Partners event). All monthly and midweek Medals will be Pick-Your-Own-Partners events.
- 3) Entries for competitions will close at 7pm on the Thursday prior to the competition date.
- 4) Starting times will be displayed on the notice boards as appropriate. Where possible, the draw will be sent electronically to members' e-mails as registered on the Club's system.
- 5) Once a draw has been made, no unauthorised alterations are permitted. If, for any reason, you find that you cannot make your allocated start time, you should contact the Professional's Shop at the earliest opportunity.
- 6) All competitors must book-in on-line before collecting a scorecard from the Pro-Shop and should be ready to play at least 5 minutes before their allotted time.
- 7) On completion of the round, all players must enter their scores into the Player Score Input System or the Member's App and must place their fully completed and signed scorecard into the box provided.
- 8) Where a card has not been signed by both the player and the marker(s), the player will be disqualified from that competition.
- 9) Competitions will be closed and administrated as soon as possible after the end of play and the results will be published on How Did I Do and in the "Competition Results" folders.

### **Late Entries**

A late entry is where a player requests a competitive place after a draw has been made. Anyone requiring a late entry allocation must notify the Professional Shop at the earliest opportunity. Places will be allocated only by the Professional.

### **No Shows**

A no show is where a player fails to turn up and report to the Professional prior to their allocated tee time. This is denying other members an opportunity to compete in the competition. Failure to notify the Professional prior to the start of the competition will result in an automatic competition ban from the next singles competition.

### **Failure to return Card**

Where a player fails to return their card after conclusion of play, it will be treated as a no return and the player will receive an automatic competition ban from the next singles competition.
