BUNKERS.

The Committee recognise that the Members main concern in regard to the Courses are the condition of the **bunkers**. Kinross Estate Company share our concern and are committed to improving the **bunkers** on the Courses. Members are asked to note the following relative to the **bunkers**.

1. Many of the **bunkers** have been replenished with new sand with all to be actioned in the future.
2. New **bunker** rakes have been placed on the Courses.
3. The Green Keeping Team are committed to carrying out more regular raking of the **bunkers** this season.
4. Members are asked to rake the **bunkers** at all times after playing out of them.
5. Members should always leave the rakes in the central area of the **bunker** after raking.
6. The lift and place rule in the **bunkers** will continue in all **bunkers** until further notice.

The Members cooperation in items 4 and 5 would be very much appreciated.

R.P. Jackson
Hon. Secretary
