## First Responders Course

We're now taking names for the next First Responders Course, open to men and women.

It's a 3-hour session for just €50 and could equip you to save a life — on the course or off it. You'll learn:

- How to recognise the signs of a heart attack or stroke
- What to do if someone collapses or takes a fall
- How to use a defibrillator
- CPR and the recovery position

It's straightforward, hands-on, and potentially lifesaving.
