History

Cleethorpes Golf Club was originally named 'The Grimsby and Cleethorpes Golf Club' and was opened on October 4th 1894. Lord Yarborough performed the opening ceremony.

In 1895 the first club match was organised against Beverley and East Riding Golf Club, the same year that a greenkeeper was appointed to maintain the course for the membership which numbered around 138.

Monthly Medal Competitions also began in 1895 and the first Club Captain was elected. The course was extended in this year and an additional groundsman was appointed.

The first clubhouse opened in 1897, with the present clubhouse being built in 1908 on land then belonging to the Rt. Hon. Earl Carrington. In 1928 a verandah was added.

In August 1908 the Directors of the club suggested to the members that the club should be made into a Limited Company, known as Grimsby and Cleethorpes Golf Club Limited. It was duly registered on December 9th.

In 1929 a request from the Urban District Council was received, asking the club to change its name to Cleethorpes Golf Club Limited. This was passed at an Extraordinary General Meeting on 8th January 1929.

About The Course

Cleethorpes Golf Club is an 18 hole mature coastal course. The greens are always in great condition and the course is easy walking and a challenge for all, especially when the breeze is up!

With changeable playing characteristics according to wind direction and strength, coupled with feeling 'links like' when dry to parkland when wetter underfoot, you can be assured that no two rounds play the same!

With super greens for pure putting, and no wind, a good score is there. However, with lots of rolls and bumps to mean lies where the ball is above or below the feet and lots of potential pitfalls, many a visitor has been surprised by just how hard it is to attain that good score.
