

Easingwold Golf Club

Use of Buggies by Members

With the long-awaited resumption in being able to play golf from next week, a number of queries have been raised around the availability and hire rates for buggies applicable to members. You may recall that two years ago, we introduced discounted hire rates to members under certain conditions and I am pleased to say that hire rates will not be increased in the 2021 playing season. To clarify the situation for everyone the following applies:-

- if a member wishes to reserve a buggy and guarantee availability on the day of play, the hire rate is £20 per round

- if a member wishes to hire a buggy on the day of play, subject to availability (ie not required by anyone at full hire rate), the hire rate is £10 per round. Buggies at this rate cannot be booked or reserved in advance, although you may request that your name is put on a waiting list in the event of a buggy been available in the day of play. This does not guarantee availability.

- we recognise that a small number of members who, for medical reasons, cannot play a round of golf without the use of a buggy. These reasons may be of a short or long-term nature and buggies can be hired at the rate of £5 per round subject to a medical certificate being produced. Again, these buggies are subject to availability (ie not required by anyone at full hire rate). Buggies at this rate cannot be booked or reserved in advance, although you may request that your name is put on a waiting list in the event of a buggy been available in the day of play. This does not guarantee availability.
