ABOUT ME

I have been a member of Halifax Golf Club since 1989. I joined because of the unique features of the course, the ever changing, seasonal, extreme playing conditions and the welcoming, competitive yet friendly membership. All of which are prevalent in 2021.

I am a Teacher with an applied understanding of varied strategies to academic learning but, golf at HXGCC will afford our Juniors more. With ongoing instruction from our Professional Nick Kryzwicki and a supportive Membership we intend to develop: The "Skills for Life" ethos which features HONESTY, RESPECT, CO-OPERATION, RESILIENCE, SPORTSMANSHIP, FAIR-PLAY and INDEPENDENT LEARNING through good, safe and considerate learning. We have worked with a satellite of 6 young Juniors over the last 2 years. The goal this will be attain handicaps and increase the Junior Section with assistance and governance from The England Golf Union. I personally seek your Encouragement, Patience and Positive Support for the future development of Halifax Golf Club.
