Upgrade & Credit Top up options for Fairways, Flexible & Part Play memberships		
<p>These memberships can top up credits each year should they use up the initial credit allocation before renewal. The number of top-up credits are fixed depending on the number of months left. Alternatively, a member may upgrade to full membership for the remainder of the year. The cost to upgrade varies depending on the number of months left. Both credit top-ups and upgrading include a fee to ensure that an upgrading member does not benefit from paying less than a full member would for a similar number of rounds played. Top-up credits only can be rolled over if purchased from March onwards. Please ask the office for more information.</p>
