## ASSESSMENT

1. For the staff who are now back at work, Social Distancing of 2 metres must be maintained at all times

All staff who have returned to work must ensure that the 2 metre Social Distancing is maintained at all times.

The Green Keepers have staggered start and finish times to ensure they don't accumulate in the same the place. They each have items of machinery which they use and are responsible for the cleaning of on completion.

Office staff must ensure that the 2 metre Social Distancing is maintained and that visitors to the office are also to maintain 2 metre Social Distancing. A tapeline on the floor by the office entrance over which visitors cannot go is in place.

FOUNDED 1905

In the Pro-Shop there is a limit of only one person in the shop at a time and those waiting are kept at 2 metre Social Distancing. Nothing is to be touched in the Pro-Shop, if you wish to buy something then you ask the staff member and they will pass it to you.

Staff working have their own allocated work areas but if they need to share equipment this will be cleaned before and after use, a double clean to prevent contamination.

## 2. Increase cleaning especially of shared surfaces, e.g. door handles

The cleaners have been instructed to pay particular attention to shared surfaces such as door handles, bannisters and toilets to ensure these are thoroughly cleaned every day, all staff are cleaning their work surfaces and tools more frequently and shared surfaces and tools are cleaned after use and before use, with a double clean, to ensure thorough cleaning. Cleaning products have been distributed to discourage unnecessary travel around.

## 3. Use of shared areas such as Toilets and rest areas

Use of all shared areas have been reorganised to ensure social distancing is maintained.

Toilets – Office, Food and Beverage and Pro-shop Staff are to use the Staff toilets in the Club House and Green Keepers are to only use the toilets in the Green Keepers building. These rules apply to all. Only one person is permitted to enter the toilets at a time. Soaps, hand gels and disposable towels are available for use. Posters have been placed in the toilets to remind staff to wash hands for 20 seconds.

Rest areas – rest areas have been organized so that all staff can comply with social distancing.

## 4. Control of persons visiting the site

Visitors have been actively discouraged from visiting Lee-on-the-Solent Golf Club.

If contractors are required for the maintenance of any equipment, they must be made aware

FOUNDED 1905

of the contents of this Risk Assessment especially the requirement to maintain the 2 metre Social Distancing.

Delivery drivers delivering or collecting goods from the club need to be made aware of the contents of this Risk Assessment.

#### 5. Control of goods being delivered to the Club

Goods being delivered to the Club must be off loaded from the delivery vehicle by the delivery driver, left in a nominated place and then cleaned by a member of staff with sanitizer before being handled.

#### 6. Self-isolating staff

All staff have been made aware that if they, or any person in their household, has symptoms of the COVID-19 that they must self-isolate in compliance with the government guidelines. They have been made aware that they can self-certificate on the NHS website and they are entitled to be paid SSP from the first day of self-isolation.

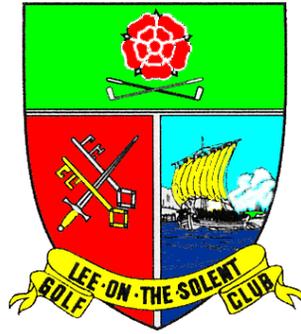

Since testing was made widely available, the staff have been made aware that they can apply for a test on the government website if they, or any member of their household, has symptoms of COVID-19.

#### 7. Travel to and from work

All staff have been made aware that they must wash their hands-on arrival at work. This may be by using the hand sanitizer or more preferably by washing using soap and water, which is the better option.

#### 8. Members playing Golf

Members playing golf must adhere to the on-course/golf guidance document that was published recently. Failure to do so will result in a member being banned from the course until the risk of Covid-19 has disappeared.
