

COMPETITION RULES

(Updated November 2025)

Competition entry will be via the "Intelligent Golf" (IG) Online Booking System 3 weeks & 4 hours before competition date. Tee times go 'live' online at 8.00pm. Changes can be made up to 8pm the day before the competition, after which the Professional should be informed directly. Play outside the competition slots is not permitted under any circumstance.

For individual competitions entry on start sheet limited to own name and one other, for pairs competitions, enter own pair and one other pair. All competitors are responsible for their start time whether entered by themselves or others.

Handicaps – all players must have a "World Handicap System" (WHS) handicap index with a minimum of 5 qualifying scores totalling 90 holes, submitted within the previous 12 calendar months to be eligible for a prize in club competitions. For major competitions, as defined at the end of this document, competitors must have a minimum of 10 scores on their handicap playing record, (5 within the previous 12 months), 3 of which must be competition scores, submitted within the previous 12 calendar months.

Handicap indexes can be obtained by submitting scorecards to the Match & Handicap Committee totalling 54 holes (3 x 18, 6 x 9 or a combination). Any "general play/casual" rounds submitted for handicap purposes must be registered prior to playing, either using the clubhouse PSI computer, the mobile "IG" App or the MyEG England Golf App. General play scores may also be submitted over 9 holes. Any general play score submitted on the MyEG App which has not been submitted or verified by the playing partner within 4 days of playing, will automatically receive a penalty score from England Golf.

Competition competitors should sign in and collect their cards from the Pro's shop at least five minutes before their due start time.

If unable to play in competition, competitors should remove their name from the booking list or notify the Professional at the earliest opportunity to allow the tee sheet to be managed efficiently.

All scorecards, including "no-returns" must be submitted immediately after the round and scores entered on the clubhouse PSI computer or "IG" mobile scoring App. A scorecard is considered to be submitted once placed in the competition scorecard box or handed to a member of the M & H team.

In all 18-hole competitions, competitors must start from the 1st tee. Starting arrangements for 36-hole competitions may vary depending on the number of entrants in the competition. Teeing off prior to the booked tee time is permitted if the first hole is clear to play subject to maintaining the booked order of play.

It is a condition of entry to all competitions that prizes will be received in person at the scheduled presentation. If apologies have been received prizes may be collected at the next scheduled presentation. Failure to meet this condition may result in loss of prize.

Sweepstakes - optional sweepstakes are also run by the Professional.

Any competition queries must be referred immediately in writing to the Competitions Committee, placing any communication in the competition box, or email competitions@mickleovergolfclub.co.uk

STROKE ALLOWANCES

As from April 2024 as per England Golf's WHS update:

Where there is an ability to use "machine precision" calculation by using Club V1 software or My EG app etc. the Playing Handicap calculation will change to "unrounded". The unrounded value is carried forward to then calculate the Playing Handicap; the Playing Handicap would then be rounded to a whole number.

***Machine Precision – utilising the computer software to ensure the accuracy of the calculations.**

STROKE PLAY (Medal/Stableford/Par Competitions)

Qualifying Competitions: 95% of course handicap.

Singles: 95% of course handicap. For medal competitions, and only where men and ladies are playing the same competition, the ladies will receive 1 additional shot to reflect difference in pars.

Foursomes/Mixed Foursomes: One half (50%) of the combined course handicaps of the partnership, rounded to the nearest whole number. For Foursomes competitions involving mixed/multi-tee pairings, the red tees will determine the Pars and SI that are to be used.

Four-Ball Better Ball: each partner receives 85% of the course handicap.

Greensome Foursomes: 60% lower course handicap, 40% higher course handicap, then rounded to the nearest whole number.

Am-Am team of 4: (best 2 scores) 85% of course handicaps

Texas Scramble: (lowest to highest handicaps) 25%/20%/15%/10% of course handicaps.

MATCH PLAY

Singles: full difference (100%) between the rounded course handicaps of the two players

Foursomes: Allowance is 100% of the combined rounded course handicaps of the partnership. The team with the lowest combined course handicap then plays off zero relative to the other team, who receive 50% of the difference (rounded) between their own combined course handicaps and the team with the lowest combined course handicaps.

Mixed Foursomes: As above for foursomes. Red tees will determine the Pars and SI that are to be used.

Four-ball better ball: The playing handicap generated is 100% of the rounded course handicap. Players then take 90% of the difference (rounded) between that of the lowest handicapper and each other player in the group. The player with the lowest playing handicap then plays off zero relative to the other players.
