

## **Back To The Club House**

Following the Prime Minister announcing that we can move to step three of the Lockdown recovery plan the clubhouse will reopen on Monday 17<sup>th</sup> May 2021.

There are still strict rules which must be adhered to, You MUST wear a face covering on entering the Club House and there will be a one-way system in place.

Your contact details will be taken or alternatively you can use the NHS track and trace App. You must wait to be allocated a table.

The maximum number of people at any table is six so please do not move any chairs or tables.

A waitress service will be in place so remain at your table where your order will be taken.

If you need to use the toilets, put on your face mask, and use the one-way system.

Can you please always ensure that you respect the social distancing rules.

I hope you all enjoy this opportunity to get back into the Club House.

David  
Chairman
