NORMANTON GOLF CLUB

GREENKEEPER PRIORITY

Players are expected to wait for staff to acknowledge them and move out of range, BEFORE playing a shot that might endanger them.

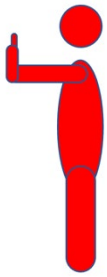

Greens staff are always vigilant when working on the course and are aware of golfers waiting to play.

A two-step signalling process is followed: -

A hand-signal to acknowledge the golfer and tell them that they must wait.

This will be a single raised hand.

A waving of the hand/arm in a forwards and backwards motion signals the golfer to play.

Please also note the following points: -

- **If the greenkeeper is within 2 minutes of completing the task, they will continue to complete the task and then immediately move away.**
- **If the greenkeeper is NOT within 2 minutes of completing the task, he will immediately move to a position of safety and wave the golfers on.**
- **DO NOT assume a greenkeeper will be able to hear or react to a shout of "FORE!"**
- **A position of safety includes parking at the edge of the fairway and facing away from the golfers.**
- **All golfers and greens staff have been provided with this information.**
- **ANY subsequent near misses, resulting from impatient golfers will be reported and pursued by the club.**
- **This is a Zero Tolerance Policy.**
