

COURSE CLOSURE POLICY

FEBRUARY 2026

This document provides clarity on the approach to course closures at Scarborough North Cliff Golf Club. Decisions are based on the following principles:

1. Course primacy – The course is the club's primary asset and without maintaining a high quality playing surface the club will not be able to operate sustainably long term.
2. Open when possible – The club wishes to allow members the maximum opportunity to enjoy the course throughout the year, without jeopardising the club's future.
3. Safety first – The course will never be open when the safety of staff, players or people surrounding the course is at unreasonable risk.

Status	Considerations	Player / Member obligations
