THE VENUE

Woodsome Hall is a Jacobean Hall which has survived with many of the original features still intact. The main corridor which, still has the original York stone floor, houses the original staircase that has recently had its walls stripped of plaster to reveal the original timber frame.

We have several rooms available for all occasions - the oak-panelled Dining Hall, with its enormous fireplace and carved lintel houses the main clock which dates back to 1652.

The Dartmouth lounge and casual bar are smaller in size but packed full of character features and provide a relaxed environment for all occasions.

The formal bar boasts a large range of hand-pulled beers, wines and spirits and is linked to all the formal rooms.

During the summer months, the courtyard is a popular place to take in the stunning beauty of the clubhouse.

WELCOME

Woodsome Hall is an ideal venue for family and friends to gather to celebrate the life of a loved one. Rest assured we will deal with your requests with dignity and understanding.

The team at Woodsome Hall Golf Club cares deeply about the quality of food and service we offer our guests. We have a vast experience of organising funeral receptions and we are here to help you manage this important day with empathy and consideration.

No reception is too large or too small. We have a variety of different food or drink options to suit your needs.

All our food is freshly prepared using locally sourced ingredients - please ask us if you require a more extensive buffet or formal dining, nothing is too much trouble.
