BRS App

The Buddies facility within the BRS App is a very useful tool when you are adding a tee time. You only need to set this up once to add the remainder of your Fourball.

Open the BRS App then click on the three lines at the top right as seen in the 1st image below. Then click on Buddies which is halfway down the same screen. Then from the next screen click Add at the top right again and select the other 3 players of your Fourball 1 at a time and click add each time.

RW Ronnie	Wiley	0

Now when you are ready to add a Booking, click on Player 1 which will add yourself. When you click on Player 2 you will now see your Buddies list displayed at the top which makes it a lot easier to add these players to the booking.
